

MEG: Hell's Aquarium True/False Questions

- True False 1. Angel had five female offspring.
- True False 2. When Dani hit her head in the stadium during the disastrous show at Tanaka Lagoon, Jonas saved his daughter by giving her mouth to mouth resuscitation.
- True False 3. Angel calmed down after the acoustics were turned off at David's suggestion.
- True False 4. Jason Francis, one of the guest feeders, was saved by a tow rope and flotation device.
- True False 5. Patricia Mackreides told David Taylor that his mother, Terry, is pregnant.
- True False 6. Dubai is the largest emirate in the United Arab Emirates.
- True False 7. The group from Dubai agreed to purchase the *Megalodon* sisters, Belle and Lizzy.
- True False 8. David Taylor assisted in coaxing Angel to make an appearance for the Dubai contingent by using the "thumper."
- True False 9. David took the Dubai crown prince for a test ride in the Manta Ray submersible off the coast of Seattle.
- True False 10. The crown prince offered David a job in Dubai helping to acclimate the newly purchased *Megalodons*, as well as training candidates to pilot the Manta Ray subs.
- True False 11. While evaluating the two largest female *Megalodons*, Dr. Brent Nichols concluded that Lizzy was dominant over Belle.
- True False 12. After a heroic effort by Jonas and Mac, Steven Moretti was rescued from the *Jellyfish* with only a few minor injuries.
- True False 13. As David and Kaylie passed the *Dunkleosteus* skeleton in the lobby of the hotel, he told her that the extinct fish had bony plates instead of traditional teeth, and it's bite was more powerful than that of both a *T.rex* and a *Megalodon*.

- True False 14. During their discussion, the DNA specialist advised Jonas and Mac that humans share 154 genes with mice, dogs and elephant sharks.
- True False 15. The DNA specialist told the group that the male *Megalodon* known as Scarface was the father of the three smallest *Megalodon* females.
- True False 16. Male *Megalodons* are far larger and more dominant than the females.
- True False 17. Virgil Carmen was sabotaging the Tanaka Institute by providing video footage of the *Megalodon* juveniles to R.A.W.
- True False 18. David gave Monty individual sub training using the simulator in Monty's room.
- True False 19. David and Monty successfully found the Chinese worker while making the night dive with the submersible.
- True False 20. David assisted Dr. Becker's team in reviving the *Megalodon* female "runt" who had been known as Ashley.
- True False 21. The secondary dorsal fin on the *Megalodon* is located near the snout of the animal.
- True False 22. Kaylie convinced Brian Suits to let her dive again with David to improve her score so she would be chosen as one of the pilots.
- True False 23. While briefing the team on their mission, Brian Suits revealed that three pilots from other teams had already died on their missions.
- True False 24. Fiesal bin Rashidi offered David half a million dollars to change his mind and go on the mission.
- True False 25. While David was trying to persuade her to leave the program, he told Kaylie he suspected bin Rashidi would have them searching for the *Kronosaurus*, the dangerous animal Jonas Taylor had encountered in the Mariana Trench.
- True False 26. Bobby Baitman was an audience member who said he would swim across the lagoon for \$1 million.
- True False 27. When David and Monty went into an unauthorized area of the aquarium, they discovered a live *Dunkleosteus* swimming in the tank.
- True False 28. A laser pen beam, used by a young visitor to the Meg Pen viewing gallery, caused Belle to charge the viewing window.

- True False 29. David and Monty flew to the supertanker to supervise the transfer of some cargo.
- True False 30. As David assisted in analyzing the stomach contents of the dead *Leedsichthys*, they discovered a live *Helicoprion* shark inside of it.
- True False 31. Kaylie confessed to David how none of the Manta Ray pilots had the nerve to dive deeper than 14,000 feet.
- True False 32. Jonas had an accident when his car went through a guardrail on Highway 1 in California.
- True False 33. Jonas proposed to Mac that they release Angel back into the wild.
- True False 34. Once in the Panthalassa Sea, David and Kaylie saw lobsters and sea scorpions, the largest of which was at least seven feet long.
- True False 35. Mac told Jonas that he and his wife, Trish, found out they were having girl twins.
- True False 36. While filming as Jonas assisted in moving Angel onto the McFarland, Eric Hollander suffered a heart attack from fright when Angel charged the door of the lagoon.
- True False 37. While stranded with Kaylie on the sea floor in the Manta Ray, David enticed a seventeen foot fish to help pull them out of the sand.
- True False 38. While Jonas and Mac were escorting Angel to her release, they got word that David and his Manta Ray were missing.
- True False 39. As David and Kaylie continued trying to find a way to surface, they came upon a wounded *Megalodon* that was being attacked by a variety of other marine life.
- True False 40. When Jonas landed on the supertanker, he found out Mac's "inside man" was Monty, the nephew of Mac's wife, Patricia.
- True False 41. The workers on the *Tonga* revealed to Brian Suits that the cable they were splicing together for Jonas wouldn't be strong enough to lift the lab.
- True False 42. The shape of the *AG III* (Abyss Glider) is like an underwater missile.
- True False 43. While Virgil Carmen is using Bobby Baitman to free Belle and Lizzy, Dani Taylor helped him get to safety after falling off the rusty catwalk.
- True False 44. When Angel met up with the *Liopleurodon*, it was evident that the female *Megalodon* weighed twice as much as her opponent.
